September 2024

Dear Patients and Friends,

This letter has been a long time coming. After more than 43 years of practice, I am announcing my upcoming retirement. I have carefully considered these words, trying them on and turning them this way and that to see if they fit. At first, they didn't, but with a little stretching, weight loss, and tailoring, they now do.

In the last year, I have also had to face the inevitable facts of age and orthopedic instability. I will be undergoing a surgical procedure that will likely make it impossible for me to return to active practice. Full recovery will take a year, and even then, there are no guarantees about my functional capacity.

I do not intend to leave you all without support regarding your ongoing care. I have compiled a short list of chiropractors that I would be comfortable recommending to you. The link for this list is here on the website home page.

In these four-plus decades, we have built very solid relationships together. These have been among the most meaningful aspects of my life. I have absolutely loved taking care of all of you. I am grateful beyond words for your trust, loyalty, and wisdom. This has always meant and will always mean the world to me.

Sincerely,

Michael H. Rogers, D.C.
